

## Data Sharing Statement

<b>Article Info</b>	<a href="http://dx.doi.org/10.21037/apm-20-2196">http://dx.doi.org/10.21037/apm-20-2196</a>	
<b>Item</b>	<b>Question</b>	<b>Authors' Response (place "-" if not applicable)</b>
1	Would you like to share data collected for your study to others?	Yes
2	If not, would you like to share the reason for your decision?	-
3	What data in particular will be shared?	The patency data in particular will be shared, and we also found phosphorus and total cholesterol are independent risk factors for AVF dysfunction, which has seldom been provided in previous studies
4	Any other documents will be shared? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	No other data to be shared
5	When will data availability begin?	From the publication date.
6	When will data availability end?	Two years within the publication date, since the technique or survival date may be updated over time.
7	To whom will you share the data?	Vascular surgeons who are interested in studies of AVF.
8	For what type of analysis or purpose?	For analysis to study the risk factors of AVF dysfunction
9	How or where can the data/documents be obtained?	Emails could be sent to the address below to obtain the shared data: 15811480832@163.com
10	Any other restrictions?	We may balance the potential benefits and risks for each request and then provide the data that could be shared.
