

Data Sharing Statement

Article Info	http://dx.doi.org/10.21037/apm-20-2493	
Item	Question	Authors' Response (place "-" if not applicable)
1	Would you like to share data collected for your study to others?	Yes
2	If not, would you like to share the reason for your decision?	-
3	What data in particular will be shared?	To protect the privacy of the study subjects we can not share individual patient level data, however, the deidentified aggregated data will be shared upon request.
4	Any other documents will be shared? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	Statistical analysis plan, clinical study report will also be shared if request.
5	When will data availability begin?	From the publication date
6	When will data availability end?	Two years within the publication date, since the technique may be updated over time
7	To whom will you share the data?	Academic researchers who are interested in studies of COVID-19.
8	For what type of analysis or purpose?	Aggregated analysis.
9	How or where can the data/documents be obtained?	The users have to submit a request to our team, then we will apply for approval from our local ethics committee. Once approved, the data will be sent through email to the users.
10	Any other restrictions?	We may balance the potential benefits and risks for each request and then provide the data that would be shared.
