

## Data Sharing Statement

<b>Article Info</b>	<a href="http://dx.doi.org/10.21037/apm-20-1824">http://dx.doi.org/10.21037/apm-20-1824</a>	
<b>Item</b>	<b>Question</b>	<b>Authors' Response ( place “-” if not applicable )</b>
1	Would you like to share data collected for your study to others?	No
2	If not, would you like to share the reason for your decision?	I do not own this data and therefore cannot share.
3	What data in particular will be shared?	The data used in this analysis can be requested from Public Health England
4	Any other documents will be shared? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	Yes, we are able to share our coding used for analysis. In addition we can share our study proposal which was used to gain ethical approval and secure a data sharing agreement to use the data from Public Health England.
5	When will data availability begin?	The analysis codes and study proposal can be shared upon request. The data used can be requested from Public Health England. These can be requested from now.
6	When will data availability end?	The data will be stored at Public Health England and are a permanent record.
7	To whom will you share the data?	We can share details of our statistical analysis to another researcher if requested, in order to assist their research.
8	For what type of analysis or purpose?	For similar epidemiological research.
9	How or where can the data/documents be obtained?	Email <a href="mailto:gavin.jones@nottingham.ac.uk">gavin.jones@nottingham.ac.uk</a>
10	Any other restrictions?	N
